PROJECT DEVELOPMENT AGREEMENT
Village of Oakwood – Oakwood Center, LLC

THIS PROJECT DEVELOPMENT AGREEMENT ("Agreement") is made effective and entered into by and between THE VILLAGE OF OAKWOOD, OHIO (the "Village"), a political subdivision organized and existing under the laws of the State of Ohio, and OAKWOOD CENTER, LLC, an Ohio limited liability company (the "Owner"), and shall become effective only upon the occurrence of the timely satisfaction of the Conditions of Effectiveness (as hereinafter defined).

RECITALS

A. The Village has previously acquired property consisting of approximately 3.027 acres of land located and situated in the Village, as further described on Exhibit A-1 attached hereto and incorporated herein (the "Village Land") and Owner owns or will acquire the real property located and situated in the Village consisting of approximately 25.699 acres of land, as further described on Exhibit A-2 attached hereto and incorporated herein ("Owner Properties"). Owner also intends to purchase additional land adjoining or contiguous to the land described in Exhibits A-1 and A-2 or contiguous to such additional land so purchased ("Additional Property-Not Owned or Under Contract") (all such real property whether identified in Exhibits A-1 through A-2 and Additional Property-Not Owned or Under Contract to the extent subsequently acquired by Owner, collectively referred to herein as the "Project Site").

B. The Owner intends to improve the Project Site following its acquisition of all the parcels comprising the Project Site by constructing or causing to be constructed a commercial real estate project (the "Improvements"), consisting of buildings and other commercial real estate components consistent with the applicable zoning code, along with related landscaping and improvements, as further described on Exhibit B. The improvement of the Project Site with the Improvements is referred to herein as the "Development".

C. The Village has determined that the construction of the Improvements to support and enable the Development of the Project Site, and the fulfillment generally of this Agreement and the Development of the Project Site, are in the best interests of the Village and necessary for economic development purposes and the health, safety and welfare of its residents, and are necessary for the purpose of enhancing the availability of adequate commercial space, parking, creating jobs and employment opportunities, and improving the economic welfare of the people of the Village.

D. The Village has created a "Community Reinvestment Area" or "CRA" pursuant to R.C. 3735.65 et. seq., known as Oakwood Community Reinvestment Area No. 1, which encompasses the Project Site and which has been determined to be in the best interests of the Village and necessary for economic development purposes, and the health, safety and welfare of its residents.

E. Pursuant to Ohio Revised Code Sections 5709.41 et. seq., the Village Council (the "Council") intends to adopt an ordinance and, as the same may be further amended or expanded

from time to time, to exempt from real property taxation the incremental increase in assessed value of the Project Site resulting from the Development (the "TIF Ordinance") and providing: (1) that the Development is a public purpose necessary for the economic development of the Project Site; (2) for the payment of service payments in lieu of taxes (the "Service Payments") by the Owner of the Project Site (initially the Owner) and any successors in interest to any portion of the Project Site (collectively, the "Owners"), as obligations running with the land for the duration of the Covenant Period (as hereinafter defined), with respect to "Improvements" (as defined in ORC 5709.41 and the TIF Ordinance) to the parcels of real property comprising the Project Site; and (3) for the use of the Service Payments to pay for a portion of the costs of the Development.

F. In consideration of the foregoing Recitals and as an inducement to and in consideration of the conditions and covenants contained in this Agreement, the parties agree as follows:

(a)

Development of the Project Site

- a. Transfer/Sale of Village Land. The Village hereby agrees to sell to the Owner, and the Owner agrees to purchase from the Village, the Village Land for the sum of One and 00/100 Dollar (\$1.00) and other good and valuable consideration (the "Purchase Price"). Title to the Village Land shall be transferred by the Village to the Owner [or its designee] pursuant to a Limited Warranty Deed upon payment to the Village of the Purchase Price.

Section 1.02 Transfer/Sale of Land other than Village Land. The parties further recognize that it is advisable for the Owner to transfer title to the Village and for the Village to transfer title back to the Owner all or portions of the Project Site other than the Village Land in order to enact the TIF Ordinance or to amend and expand the property which is the subject of the TIF Ordinance and the parties agree to cooperate in that regard.

Section 1.03 Improvements. Following acquisition of the Village Land, Owner agrees to construct or cause to be constructed the Improvements on the Project Site including, but not limited to a 200,000 square foot office/warehouse facility (expandable to 300,000 square feet) ("Phase 1") and a potential second 100,000 square foot manufacturing facility ("Phase 2") both of which are to be located off Oak Leaf Road on property known as Permanent Parcel Nos., 795-50-014, 795-50-013, 795-49-010, 795-15-048; 795-50-012, 795-50-011, 795-49-005, 795-49-006 and 795-49-007 within the Village's Community Reinvestment Area No. 1. In addition, Owner may construct or cause the construction of additional buildings as part of the Development, to the extent deemed economically viable by Owner and determined by the Village to be in compliance with the Village codes, rules and regulations.

Section 1.04 Improvements. The parties acknowledge that the Improvements identified in Exhibit B on and adjacent to the Project Site are necessary for the Development and will directly benefit the Project Site and the surrounding area. The Owner shall cause the construction of and pay for the Improvements as described on Exhibit B except as otherwise provided therein. Provided that Owner has secured the prior written consent of the Village, which shall not be

unreasonably withheld, Owner shall have the right to revise the Plans and Specifications relating to Improvements located on the Project Site and the provisions of Exhibit B with respect thereto from time to time based upon economic circumstances subject to (a) compliance with the Village codes, rules and regulations, and (b) the Village's reasonable determination that the Improvements as so revised directly benefit the Project Site and the surrounding area and are consistent with the TIF Ordinance, and this Agreement shall be automatically and without further action of the Village and the Owner deemed amended so as to reflect the revisions provided in the permits and plats so approved. Owner acknowledges that any revisions to Improvements which are not located on the Project Site (the "Off-Site Improvements") are subject to the reasonable approval of the Village Council and other permitting authorities, and such approval by the Village Council and all necessary permitting authorities shall automatically and without further action of the Village and the Owner be deemed to amend this Agreement so as to reflect the said revisions.

Section 1.05 Off-Site Improvements. The Village agrees that, in connection with any Off-Site Improvements, it shall undertake such action as may be necessary or desirable to obtain title to such real property as is necessary for the construction of the Off-Site Improvements, with such acquisition to be at the lowest cost, in light of the schedule for construction of such Off-Site Improvements, as reasonably determined by the Village Council. The Village agrees to consult with the Owner in connection with such costs and to work cooperatively to control the cost of such acquisition.

Section 1.06 Construction. Construction of the Phase 1 Improvements shall be completed no later than December 31, 2022 ("Completion Date") provided that this Agreement is executed and delivered and the TIF Ordinance and Tax Abatement Package is finalized no later than January 31, 2021, otherwise the Completion Date shall be as early as commercially practicable as weather permits in 2023. The Owner and the Village agree to work in good faith to amend the Project Schedule as necessary to account for delays occasioned by economic and other ramifications, complications and hindrances constituting "Force Majeure", including those arising due to the COVID-19 international pandemic.

Section 1.07 Compliance with Laws, Rules and Regulations. The Owner and its respective officers, agents, employees and any other persons over whom the Owner has control, shall comply with all applicable present and future laws and ordinances of the Village as well as Federal, State and other local governmental bodies applicable to or affecting directly or indirectly (a) the Owner or its operations and activities on or in connection with the construction and operation of the Development; (b) which govern, control, or are required in connection with construction of the Improvements; and (c) which are otherwise applicable to or affect the construction or operation of the Development (collectively, the "Legal Requirements").

Section 1.08 Insurance. In connection with the construction of the Improvements, the Owner shall maintain or cause to be maintained insurance for protection from claims under Workers' Compensation acts and other employee benefit acts which are applicable, claims for damages because of bodily injury, including death, and claims for damages to property which may arise out of or result from operations and completed operations under this Agreement, whether such operations be by the Owner or by a subcontractor, agent, or anyone directly or indirectly employed by any of them. This insurance shall be written for not less than limits of liability specified in this Agreement or required by law, whichever coverage is greater, and with a company

or companies lawfully authorized to do business in the state of Ohio and having an AM Best rating of A+ or the equivalent. Each policy shall contain a provision that the policy will not be canceled or allowed to expire until at least 10 days' prior written notice has been given to the Village. The Owner shall cause the commercial liability coverage required by this Agreement to include the Village as an additional insured for claims caused in whole or in part by the Village, any of the Owner's acts or omissions, and/or any acts or omissions of any subcontractor, agent, or other person or entity directly or indirectly employed by any of them arising out of or relating to the construction of the Improvements.

The insurance required by this Agreement shall be written for not less than the following limits, or greater if required by law:

(i) Workers' Compensation limits shall be those required by statute.

(ii) Commercial General Liability insurance including liability on this project and blanket coverage, which insures against bodily injury, personal and property damage claims arising from work conducted, services provided, and/or materials supplied by the Village, by Owner, or any of their subcontractors or agents with limits of at least One Million Dollars (\$1,000,000) combined single limit each occurrence; Two Million Dollars (\$2,000,000) general aggregate; and Two Million Dollars (\$2,000,000) products/completed operations aggregate.

(iii) Employer's Liability insurance with minimum limits of Five Hundred Thousand Dollars (\$500,000) for bodily injury.

(iv) Commercial/Business Automobile Liability insurance with minimum combined single limit of One Million Dollars (\$1,000,000) per occurrence (bodily injury and property damage liability). Coverage shall be for liability arising out of the use or operation of owned, hired, leased, and non-owned vehicles.

(v) Umbrella liability coverage of Five Million Dollars (\$5,000,000) above the policies referred to in Items (ii), (iii) and (iv).

The liability insurance required by this Agreement shall: (1) provide that it is primary and non-contributory to any other insurance or self-insurance that the Village may have, (2) obligate Owner to pay any deductible or self-insured retention associated with any claim that is made under the policy, including any claim that may be made by an additional insured, (3) contain waivers of subrogation against the Village, if available, and (4) provide that the insurer(s) has/have a duty to defend against potentially covered claims and that the payment of defense costs by the insurer(s) shall not reduce or deplete the limits of liability under the policy(ies). The Owner shall deliver to the Village Certificates of Insurance acceptable to all parties evidencing the insurance coverage required by this Agreement.

The Owner may satisfy some or all of the foregoing requirements through an agreement with any general contractor specifying that it shall procure insurance that satisfies some or all of the foregoing requirements.

Article I
CRA; Tax Increment Financing

Section 2.01. CRA; Tax Increment Financing. The Village has established the Oakwood Community Reinvestment Area No. 1 and pursuant thereto, has agreed to provide each of the several phases of the Development on the Project Site with a Community Reinvestment Act ("CRA") tax exemption applicable to 75% of the dollar amounts by which the Improvements increase the market value of the Project Site for a period of 10 years (the "CRA Exemption"). The CRA Exemption shall be granted separately for each structure described in Section 1.03 hereinabove that constitutes part of the Development so that the exemption period will commence upon completion of each such structure. The Village and the Owner acknowledge that, to the extent possible, the CRA Exemption shall be granted upon separate identified parcels of property such that the occupants have both the benefit and risk of the CRA Exemption as to those specific parcels. In addition, the Village intends to adopt the TIF Ordinance to provide for exemption of 100% of the Improvements for a period of thirty (30) years ("TIF Exemption"). The Owner acknowledges that the adoption of the TIF Ordinance and granting of the TIF Exemption upon such terms requires action by the Board of Education of the Bedford City School District ("School District"). The Village shall, at no cost to Owner, other than as provided for in this Agreement including but not limited to the donations to be made by Owner referenced in Schedule II, negotiate any required compensation agreement with the School District and shall be responsible for payment of all costs and expenses associated with obtaining the consent of the School District to the TIF Exemption. The TIF Ordinance shall: (a) declare the Improvements (as defined in Section 5709.41 of the Revised Code) to be a public purpose for purposes of Section 5709.41 of the Revised Code; (b) require the Owner, its successors or assigns, and any current or future owners of the Project Site and any current or future lessors, lessees, or owners of the Project Site (hereinafter collectively referred to as the "Owners" and individually as an "Owner") of each of the parcels comprising the Project Site to make Service Payments to the County Treasurer; and (c) establish the Oakwood Center Urban Redevelopment Tax Increment Equivalent Fund (the "TIF Fund").

Section 2.02. Cleveland JEDZ Agreement. The parties hereby acknowledge that the Village is a party to a certain Joint Economic Development Zone Agreement ("JEDZ") with the City of Cleveland dated October 24, 2007 under which the Village is obligated, with certain exceptions, to share with Cleveland, for a period of five (5) years, fifty percent (50%) of income taxes derived from Owner's payroll as it existed immediately prior to Owner's relocation to the Village less sums earmarked for the local school district by ordinance (in this case fifteen percent (15%)) or a present estimated amount of Fifty-two thousand five hundred Dollars (\$52,500.00) per year based on approximately one hundred forty (140) employees and \$6,000,000 of annual payroll upon the completion of Phase 1. The parties hereby agree that, in the event Cleveland demands to collect its share of the said income taxes, the Owner and the Village shall pay respective shares of the sum actually paid to Cleveland based on the proportion the following sums bear to the foregoing present estimated amount:

Village: 45,000 (86 percent)

Owner: 7,500 (14 percent)

(b)

Plans and Specifications; Reviews, Approvals and Permits; Maintenance Obligations

Section 3.01. Improvement Plans. The Owner shall submit to the applicable Village bodies for review and approval its plans, drawings, and other materials in connection with the Development (the "Plans and Specifications"). The Village's review shall be consistent with the applicable Village requirements. The Plans and Specifications shall include, but not be limited to, a site plan, building layout, elevations of structures, parking, landscaping, signage, and any other planning materials that reasonably are required by the applicable Village bodies. The Village shall cause timely review of all Plans and Specifications and shall issue its decisions not later than thirty (30) days after application for permits have been made by Owner. Seventy-five per cent (75%) of the tap-in, permit and review fees, as well as the abatement application fee, shall be waived for the construction of these facilities and items related thereto, as and for additional economic incentives to Owner and/or Interstate- McBee, for the Project.

Section 3.02 Maintenance of Development and Improvements. Village and Owner agree that, following completion of the Improvements, (a) Owner shall maintain all improvements located on the Project Site, (b) Owner shall maintain utility connections to such parcels, (c) Village shall maintain or cause to be maintained any constructed, reconstructed or improved areas of Fair Oaks and Oak Leaf Roads located outside the property lines of the Project Site.

(c)

Indemnification

In addition to the obligations of the Owner, as set forth in this Agreement, except to the extent caused by the willful misconduct of Village or its agents, employees or officials, the Owner shall indemnify, defend and hold harmless the Village and its agents, employees and public officials from and against any and all suits, claims, damages, losses, costs or expenses (including reasonable attorney fees) arising out of, or resulting from (i) the construction and financing of the Improvements, (ii) claims, suits or actions of every kind and description when such suits or actions are caused by negligent, intentional, willful and/or wanton acts, and/or errors or omissions of the Owner, its officers, agents, employees, consultants, sub-consultants, contractors and/or subcontractors; and (iii) injury or damages received or sustained by any party because of the negligent, intentional, willful and/or wanton acts of the Owner, its officers, agents or employees, consultants, sub-consultants, contractors and/or subcontractors.

(d)

Events of Default

A party shall be deemed to be in default of this Agreement if that party or its successors or assigns fails to materially comply with any term, provision, or covenant of this Agreement and fails, within sixty (60) days after written demand, to remedy such failure unless such failure cannot be cured within such time period, in which case the time for remedying the failure shall be extended so long as the defaulting party is diligently pursuing a remedy to said failure and continues to pursue such cure to completion.

(c)

Remedies

Any delay by the Village or the Owner in asserting its rights under this Agreement shall not operate as a waiver of those rights or deprive the party of or otherwise limit those rights in any way. It is the intention of the parties that they shall not be constrained, so as to avoid the risk of being deprived or limited in the exercise of the remedies provided in this Agreement because of concepts of waiver, laches, or otherwise. The parties may exercise any remedy at a time when the parties may still hope to resolve the problems created by an Event of Default. No waiver in fact made by a party with respect to any specific default under this Agreement may be considered or treated as a waiver of the rights of a party with respect to any other defaults by the other party under this Agreement, or with respect to the particular default, except to the extent specifically waived in writing.

(f)

Force Majeure

Except as otherwise provided, neither the Village nor the Owner will be considered in default of its obligations under this Agreement, if a delay in performance is due to a Force Majeure Event, to the extent such Force Majeure Event materially affects the performance of such party. As used herein "Force Majeure Event" means acts of God; acts of public enemies; orders or restraints of any kind of the government of the United States or of the State or any of their departments, agencies, political subdivisions or officials, or any civil or military authority; strikes; labor disputes; insurrections, civil disturbances; riots; epidemics; pandemics; landslides; lightning; earthquakes; fires; hurricanes; tornadoes; storms; droughts; other weather conditions; floods; arrests; restraint of government and people; explosions; breakage, malfunction or accident to facilities or machinery; partial or entire failure of utilities; acts of terrorism or threats of terrorism; and unavailability of labor or materials due to the occurrence of any of the foregoing events.

It is the intent of the parties that, in the event of the occurrence of any Force Majeure Event, the time or times for performance shall be extended for the period of such Force Majeure Event. However, the parties seeking the benefit of the provisions of this Article VII must, within fifteen (15) days after the later of the beginning of the Force Majeure Event or after reasonably recognizing that a Force Majeure Event has occurred, notify the other party in writing of the cause and, if possible at the time of notice, the expected duration of the delay caused by the Force Majeure Event.

(g)

Further Assurances; Full Disclosure; Good Faith and Fair Dealing

The Village and the Owner agree to execute such other and further documents as may be necessary or required to consummate or more fully confirm the transactions contemplated hereby. Each respective party covenants that no representation or warranty of such representing party contained herein contains any untrue statement of any material fact as of the time such representation or warranty is made and, to the knowledge of such representing party, no such representation or warranty omits or will omit to state a material fact necessary in order to make such representing party's representations and warranties contained herein or therein not
