

RESOLUTION NO. 2022-29

INTRODUCED BY MAYOR AND COUNCIL AS A WHOLE

**A RESOLUTION AUTHORIZING ALL ACTIONS NECESSARY TO ACCEPT
NORTHEAST OHIO PUBLIC ENERGY COUNCIL (NOPEC) ENERGIZED
COMMUNITY GRANT(S)**

WHEREAS, the Village of Oakwood, Ohio (the “MUNICIPALITY”) is a member of the Northeast Ohio Public Energy Council (“NOPEC”) and is eligible for one or more NOPEC Energized Community Grant(s) for 2022 (“NEC Grant(s)”) as provided for in the NEC Grant Program guidelines; and

WHEREAS, the MUNICIPALITY wishes to enter into a Grant Agreement with NOPEC, Inc. in the form attached to this Resolution to receive one or more NEC Grant(s) for 2022, and to authorize the Mayor to execute the Grant Agreement with NOPEC, Inc. in the form attached.

NOW, THEREFORE, be it resolved by the Council of the Village of Oakwood, County of Cuyahoga, and State of Ohio that:

SECTION 1. This Council of the MUNICIPALITY (the “Council”) finds and determines that it is in the best interest of the MUNICIPALITY to accept the NEC Grant(s) for 2022, and authorizes the Mayor to execute the Grant Agreement and any agreements with NOPEC, Inc, as may be necessary and appropriate for obtaining financial assistance and further upon the recommendation of the Village Engineer, and approved as to form by the Village Law Director, in accordance with all authority granted to and limitations upon the Village Director of Finance.

SECTION 2. This Council finds and determines that all formal actions of this Council concerning and relating to the adoption of this Resolution were adopted in open meetings of this Council, and that all deliberations of this Council and of any committees that resulted in such formal actions were in meetings open to the public, in compliance with all legal requirements including Village's Charter and Codified Ordinances and Section 121.2 of the Ohio Revised Code.

SECTION 3. This Resolution is hereby declared to be an emergency measure necessary for the immediate preservation of the public peace, health, safety and welfare of the inhabitants of the Village, the reason for the emergency being that the same relates to the daily operation of a municipal department, therefore, provided it receives two-thirds (2/3) of the vote of all members of Council elected thereto, said Resolution shall be in full force and effect immediately upon its adoption by Council and approved by the Mayor, otherwise, from and after the earliest period allowed by law.

PASSED: 5/10/2022

Christine Morgan, Clerk of Council

Johnnie A. Warren, President of Council

Presented to the
Mayor 5/11/2022

Approved: 5/11/2022

Mayor – Gary V. Gottschalk

Approved as to legal form:

James Climer, Director of Law

ATTEST: 
Christine Morgan, Clerk of Council

Approved: 5/10/2022

I, Christine Morgan, Clerk of Council of the Village of Oakwood, County of Cuyahoga and State of Ohio, do hereby certify that the foregoing Resolution No. 2022-29 was duly and regularly passed by this Council at the meeting held on the 10th day of May 2022.

Christine Morgan, Clerk of Council

POSTING CERTIFICATE

I, Christine Morgan, Clerk of Council of the Village of Oakwood, County of Cuyahoga and State of Ohio, do hereby certify that Ordinance No. 2022-29 was duly posted on the 13th day of May, 2022, and will remain posted for a period of fifteen (15) days thereafter as provided in the Village Charter and Ordinances.

Christine Morgan, Clerk of Council

DATED: 5/13/2022

Christine Morgan, Clerk of Council

DATED: 5/13/2022

NOPEC Energized Community (NEC) Grant 2022 Program Policies

NOPEC, Inc. and NextEra Energy have established the NOPEC Energized Community Grant Program, which provides grants to existing NOPEC member electric and gas communities. Existing member communities are defined as those with metered accounts enrolled in NOPEC's electric and/or gas aggregation during the previous calendar year. The new grant program year will begin on January 1, 2022, with the primary goal of providing funds to help communities implement energy savings or energy infrastructure measures.

NEC grants are intended to be used by member communities primarily for energy related projects. Member communities will be permitted, on a case-by-case basis, to use grants for purposes other than energy efficiency or energy infrastructure improvements.

The policies governing the grant program have been approved by the Board of Directors. The Economic Development Director (EDD) will have oversight and day-to-day management responsibility for the program.

Deadlines: NOPEC member communities that wish to accept the grant award must have a completed and approved profile by June 30, 2022. Any grant funds not accepted, with an approved community profile by June 30, 2022, will be returned to the grant pool. Grant funds must be drawn down via disbursement request by November 30, 2024. Funds not drawn down by that date will be returned to the grant pool.

Eligibility and Notification: Existing NOPEC member communities enrolled in both gas and electric on January 1 will be paid cash grants at the rate of [\$4] per enrolled account for gas and [\$6] per enrolled account for electric per year. Existing NOPEC member communities enrolled in the gas program only will be paid cash grants at the rate of [\$3] per enrolled account. Existing NOPEC member communities enrolled in the electric program only will be paid cash grants at the rate of [\$5] per enrolled account. Enrolled accounts will be determined based on an average, using Q2 and Q3, of metered accounts of the previous calendar year. If an existing community was not enrolled for both quarters of the previous year, an average of the metered accounts enrolled for a minimum of three consecutive months will be applied. The minimum grant amount will not be less than \$250.00 for all eligible communities.

Member counties and regional council of governments (COG) will also receive grants based on the communities and programs enrolled through the county or COG

membership. Grants will be calculated using the same averaging method as the community grants. County and regional COG members will receive [\$1.50] for gas and [\$2] for electric, per enrolled account per year, in communities enrolled for both programs, and [\$.50] for gas or [\$1.00] for electric, in communities enrolled for a single aggregation program.

The Chief Elected Official and the Chief Financial Official of member communities, regional COG and counties will be notified by letter in January of the grant amount available for its use. Each community must enter into a grant agreement, if required, with NOPEC, Inc. Each year, the community must pass legislation accepting the grant and identifying the position (with person currently holding that position) authorized to conduct on-line program activities on behalf of the community. All grant activities, including the profile and disbursement request processes, will be completed and submitted online.

Processing: The first step for the NEC grant program is creating a community profile in the on-line grant program for a new community. All communities will need to create a new online profile in 2022 in the new grant platform.

As part of the profile, all communities will upload a pdf file of the legislation approved by the member community accepting the NEC grant and upload a pdf file of executed Grant Agreement. The deadline to accept the grant and upload the required documents for the profile step is June 30, 2022. Any grant funds not accepted with an approved community profile will be returned to the grant pool.

Communities must complete disbursement requests to draw down their accepted NEC Grant funds. New requests will be reviewed on an ongoing basis. Appropriate supporting documents (e.g., invoices, AIA forms, or receipts) must be attached. All disbursement requests must be submitted electronically in the grant system.

Staff will review each request to determine if it meets the criteria and formally approve each project funded. Communities may begin the work during the review process but it does not guarantee funding approval. Work that is determined to be emergencies, based on immediate health and/or safety issues, may be eligible to begin without formal approval.

Eligible uses include those that reduce electric and/or gas utility consumption through facility improvements and/or implementing infrastructure improvements. Examples include interior and exterior lighting, windows and doors, insulation, HVAC, geothermal and solar. Streetlights and traffic lights are also eligible, if a demonstrated utility savings to the community will result. Examples of ineligible projects would include vehicles or equipment (other than an emergency generator) that are powered by gasoline or diesel, and do not reduce utility costs. Project examples for eligible energy infrastructure include natural gas filling stations, electric vehicle charging stations and emergency generators. Installing power to a facility such as a gazebo or baseball field are other examples of eligible energy infrastructure.

In addition to the projects listed above, communities may use grant funds for the lease or purchase costs of plug-in electric vehicles.

Grants may also be used to benefit commercial properties. Options include covering the cost of energy audits or set-up costs for establishing an Energy Special Improvement District. Programs benefitting residents are also eligible. Providing residents LED light bulbs or establishing a residential energy audit program funded by the NEC grant program are two examples.

Multi-jurisdictional uses are eligible. Each community must request its own grant funds for a multi-jurisdictional use. Non-NOPEC members may be part of a multi-jurisdictional use but will not be eligible for any grant funds from NOPEC.

If a community completed work that meets the eligibility requirements within the previous calendar year it may submit that project for the grant.

If a member community conducts an energy audit for the proposed work, audit costs may be defrayed with grant funds. The audit must be performed by a credentialed professional.

Once the request is reviewed and approved, the community will receive written confirmation. Each approved request will become an exhibit to the Grant Agreement.

Project Completion and Funds Disbursement: Communities are responsible for contracting all work to be completed for community-owned facilities or work, in accordance with local requirements, with qualified professionals. Disbursements will be made until funds have been depleted.. All disbursements will be made by Automatic Clearing House (ACH) process to an account designated by the community. All requests for disbursements for the 2022 grant year must be submitted by November 30, 2024.

This is not a reimbursement grant, i.e., communities are not required to pay the invoice prior to submitting it for a grant disbursement. Communities create the Disbursement Request(s) with appropriate supporting documents submitted on-line. Appropriate supporting documents include invoices or AIA forms for work completed, or signed contracts that specify an advance prior to the start of the project. Quotes or proposals are not acceptable documents for Disbursement Requests.

The EDD will review all disbursement requests and submit them for processing to the NOPEC CFO. All disbursements are approved by the Executive Director or other authorized person. NOPEC will close out a community's grant when all grant funds have been disbursed or any remaining funds are returned to the grant pool.

Reports: Communities using grant funds for energy efficiency projects will submit an annual report to NOPEC for two years following project completion, if the project is

selected for measurement and verification. The report will provide information on the energy saved (measured by units and dollars) in the previous year resulting from that project. This report will be prepared by a third-party consultant contracted by NOPEC, Inc. The community will agree to authorize NOPEC to provide the appropriate utility account information for the designated project site to the consultant for the purpose of completing the annual reports.

The EDD will track all open grants and provide periodic status reports to the NOPEC Executive Director and to both the NOPEC and NOPEC, Inc. Boards of Directors. Reports will include the number of communities with open grants available and the total funds disbursed to date.

All determinations made by NOPEC, Inc. and NOPEC in administering the NEC Grant Program shall be final, conclusive, and binding on all grant recipients.

Energized Community (NEC) Grant

The **NOPEC Energized Community (NEC) Grant Program** provides grants to NOPEC member communities for energy-related projects. Established by NOPEC Inc. and NextEra Energy, the primary goal of providing funds is to help implement energy savings or energy infrastructure measures.

Ideas for 2022 Grant Projects

Grants can be used for government, residential, and commercial properties. Here are some examples of what you can use with your grant dollars:

- **NEW** Lease or purchase of plug-in electric vehicles
- Traffic signal upgrades
- Energy-efficient windows
- Solar-powered LED stop signs
- Energy-efficient air conditioner
- Electrical upgrades
- Generators
- Door replacement
- LED lighting upgrades
- Service garage insulation
- Energy-efficient metal roof system
- Installation of radius ceiling fans
- Energy efficient kitchen appliances

Secure Your Grant Dollars

Step 1: Submit Profile — Due by June 30th

- A. Accept funds by passing community legislation
- B. Complete grant agreement

Step 2: Draw Funds — Due by September 30th, 2024

- A. Submit disbursement requests
- NEW** No applications required!
